

VR KISAN PARIVAAR

Join the Kisan Parivaar Movement!

Redefining Agriculture & Food Sustainability

About VR Kisan Parivaar

VR Kisan Parivaar is committed to revolutionizing agriculture through sustainable practices that **empower farmers, uplift rural communities,** and protect the environment.

By integrating **natural farming, bio-waste utilization, employment generation,** and **advanced food processing,** we are building a resilient and prosperous agricultural ecosystem with a strong national network and global market reach.

VR KISAN PARIVAAR

VR Kisan Parivaar key Initiatives

Empowering Farmers

Training, resources, and market access to boost productivity and income.

Rural Development

Job creation through agri-processing, enterprises, and women-led farming.

Sustainable Farming

Eco-friendly, chemical-free practices for soil health and biodiversity.

Zero-Waste & Green Energy

Converting farm waste into bio-products and using renewables.

Market Expansion

Strengthening supply chains and connecting farmers to global markets.

Advanced Food Processing

Enhancing quality, shelf life, and value for organic products.

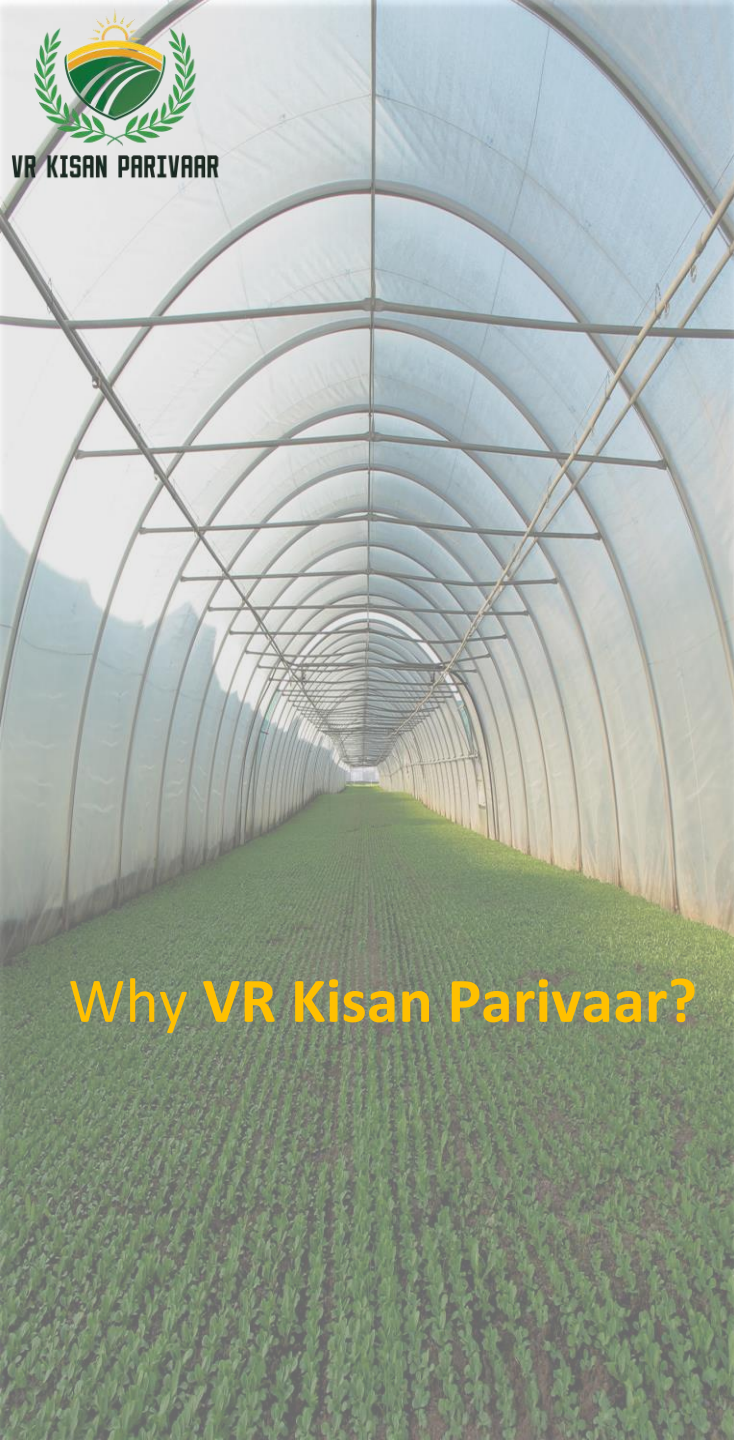

Our Vision

To create a sustainable agricultural ecosystem that empowers farmers and promotes eco-friendly practices for future generations.

Our Mission

To empower farmers, promote natural farming, utilize bio-waste efficiently, create employment opportunities, and advance food processing while expanding market opportunities globally through innovation and sustainability.

Why VR Kisan Parivaar?

-   Farmer Empowerment – Training & direct market access
-  Social Impact – Rural employment & community upliftment
-  High-Quality Products – Nutrient-rich food processing
-  Global Reach – Expanding presence across markets
-  Zero-Waste – Bio-waste utilization & renewable energy
-  Innovation – Advanced dehydration technologies
-  Transparency – Traceable product origins
-  Healthier Future – Sustainable agriculture commitment
-  Sustainable Practices – Natural, chemical-free farming

Our Project Locations

Strategic Agricultural Zones: Located in regions across India known for their agricultural strength.

Focused Excellence: Each location contributes to high-quality produce.

- | Ongoing Projects | Upcoming Projects |

| <ul style="list-style-type: none">• Ongole• Kalwakurthy• Ghatkesar• Balnagar• Nellore• Kavali | <ul style="list-style-type: none">• Yadagirigutta• Devarakonda• Srikakulam• Vizianagaram• Eluru |

Our Dehydrated Product Edge

Natural

-  200+ Years of Expertise 
-  Innovative, Ready-to-Cook Products 

State-of-the-Art Manufacturing

-  Hybrid Solar Food Dryer (HFSD) Technology 
-  Certified Excellence (ISO, Halal, WHO GMP, HACCP, FSSAI) 

GMO-Free

-  Health-Centric – Additive-free, nutrient-packed, vegan-friendly 

Our Exclusive Natural Farming

**Empowering
Farmers:** Direct
work with
farmers for
improved
livelihoods.

**Inclusive
Growth:**
Empowering
women and
marginalized
communities.

**Chemical-Free
Cultivation:** No
pesticides or
chemicals,
preserving soil
health.

**Sustainable
Ecosystems:**
Conserving
water and
promoting
biodiversity.

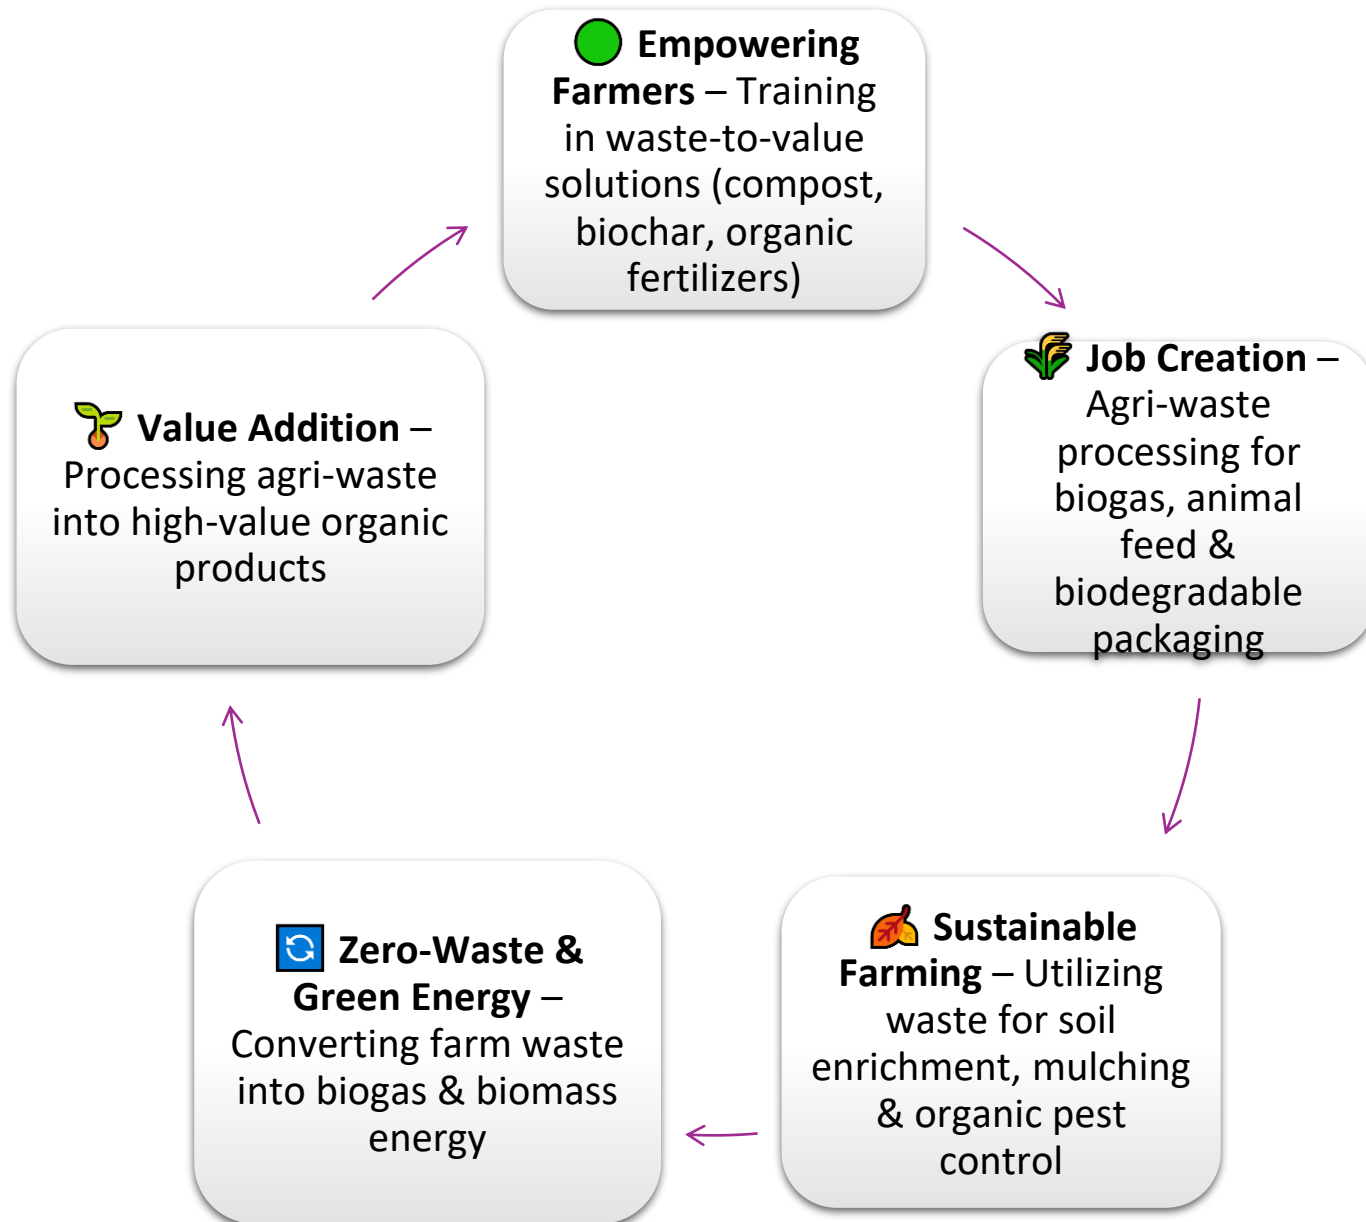

Agri-Waste: Turning Challenges into Opportunities
